
Butte County Mosquito and Vector Control District

POLICY MANUAL

POLICY TITLE: Safe Work Practices
POLICY NUMBER: 7185

7185.1 All employees are expected to work safely. Any unsafe work practice which endangers the employee, any other person or the property of any other person or entity or exposes the District to liability which is not part of the normal risk of District operations, including but not limited to driving recklessly or at an excessive speed, is cause for disciplinary action up to and including dismissal in accordance with policy. Whenever an employee observes a significant unsafe work practice, the employee is to report such risk or practice to his/her supervisor for consideration and/or correction.

7185.2 All employees are to attend the monthly staff meeting. Employees that miss the monthly staff meeting will meet with a District designated member of management to be informed of the topics covered.
